LPB 200

Decorative Lakes, Ponds, & Aquaculture

Self-Dissolving Bacteria Packs

Biologically Accelerates Digestion of Bottom Muck and watershed Runoff

Consumes Organic Wastes from Fish, Birds, Animals & Plants

Reduces Ammonia Levels & Improves Water Clarity

Shock Treatment - Once

20 to 40 packs Per Surface Acre

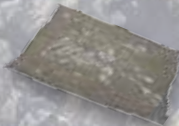

Depending on Severity of Organic Buildup

Maintenance Treatment - Monthly

8 to 20 Packs Per Surface Acre

Depending on Rainfall or Irrigation Practices

SELF-DISSOLVING

Just Toss Them In!

100% bacterial culture on cereal bran carrier
with micronutrients and biostimulants

Total Bacterial Count

5 Billion / Gram

Form

Free Flowing Powder

Color

Natural Brown

Packaging

4 oz. Water Soluble Packs

pH

Neutral

Shelf Life

2 Years

Store in Cool, Dry Place — Do Not Freeze

Dry Bacterial Concentrate
100 - 4 oz. Self-Dissolving
Bacterial Packs

Net Weight: 25 lbs.
